Action Taken Report 2017-2018

Based on the feedback received from the students, the following actions have been implemented by the Department during academic session 2017-2018.

1. Introduction of teaching aids have been initiated in the previous academic year, however, taking into consideration suggestions from various angles, PowerPoint supported lectures are now being incorporated as far often as possible.
2. For a more inclusive learning environment, students were formed into groups and classroom seminars were being conducted, where students were given specific topics within the syllabus and made to give presentations and feed in their own ideas and perspectives.
3. The punctuality and regularity of the teachers have always been something of a scrutiny to which the department is well aware of and having been working in great lengths to live up to the norm's expectation.
4. Students were being provided adequate teaching materials, including references for a more diversified learning.
5. Study Tour was organized and Field survey of Lengte Iron and steel Industry was conducted as a method for introducing practical learning to help facilitate subject learning.
